

***HLA Baseline Definition
- Call for Approval -***

21 August 1996

How We Got Here

- HLA definition process began in March 1995, has proceeded through a number of spirals, always with an August 96 deadline.
- Now we have arrived at a proposed Baseline Definition.
- Baseline documents
 - HLA Rules v1.0: Discussed at AMG-13. Comments received, incorporated. Final version distributed to AMG on 15 August.
 - HLA Object Model Template v1.0: Draft handed out to AMG members at AMG-13. Reviewed, comments incorporated. Consistency check with other documents. Final version distributed to AMG on 15 August.
 - HLA Interface Specification v1.0: Version 0.5 discussed at AMG-13. Comments received, version 1.0 drafted 8 August and distributed to AMG and I/F Spec Working Group. Revisions made, final v1.0 distributed to AMG on 15 August.

Call for Approval

We are at the decision point...
Now is the time to decide.
